## Flu Season

Help us stop the spread of illness at CABLC. If your son/daughter isn't feeling well, please keep them home until they feel better. We do our very best to instill good hand-washing habits in both our participants and staff, however, at this time of year there is so much flu going around the best way to stop the spread of illness is by staying home. If you're going to keep your son/daughter home, just give Michelle a call at 519-751-0123, Ext. 102 and let us know. Thank you for helping us keep everyone healthy.

## Highlights from December

*Photos from left to right: Participants got creative painting frosty on canvas, enjoying festive holiday favourites with special musical guests, and our poinsettia orders arrived.*

### Poinsettia Campaign 2017

Another SUCCESSFUL campaign! We would like to thank everyone who supported us this year, because of you we reached well beyond our goal and raised \$ 4215 dollars. As a member agency of Brant United Way, Crossing All Bridges likes to give back.

### WHAT HAPPENS WHEN WE CLOSE DUE TO INCLEMENT WEATHER?

Part of living in this glorious country is the realization that, from time-to-time, the harsh Canadian winter does force us to close our facility to ensure the safety of our participants and staff. To help communicate these closures we wanted to make sure all parents and caregivers are aware of our procedures.

- 1) If we **DO NOT OPEN**, information will be shared with our two local radio stations - Jewel FM 92.1 and CKPC AM. We will also post the closure on our CABLC Facebook page and share the information via Twitter by 7:00 a.m.
- 2) If we **CLOSE DURING THE DAY**, we will begin calling parents/caregivers starting with the first number in our emergency contact book. Please ensure we have up-to-date information on file.

Shredding Barriers will be open the following hours over the Christmas season:

January 1 - **CLOSED**

January 2, 3, 4, 5 - 8:30 a.m. to 4:00 p.m.
